

I'm a "behind the scenes" kinda guy. RK RUBBER is a behind the scenes kind of a company. That's the nature of B2B. And that's just fine by me. Most of our customers are that way too. We go about our daily grind almost unnoticed. This global pandemic has given opportunity for many to put a spotlight on industries and vocations that rarely glean accolades.

Times like these reveal character, core values and a greater sense of responsibility. I salute all those who keep this country and economy moving forward. The "behind the scenes" workers are the backbone of society. And to the frontline workers, well my heart goes out to you along with a well-deserved salute. Thanks!
